

Cloth Surgical Tape

Cloth Surgical Tape

- WATER REPELLENT
- NON-STERILE
- HYPOALLERGENIC
- BREATHABLE

MedPride's Cloth Surgical Tape is a flexible tape appropriate for clinical applications such as dressings and added pressure, when swelling or movement is anticipated and for securing chest tubes and surgical drain tubes. Strong adhesive stays on, even during exercise. Conforms comfortably to fingers, toes, elbows, ankles and more. Woven material delivers strong support. Provides flexible securement for clinical applications - dressings and added pressure, secondary securement for IV lines and tubing, central venous catheters, chest tubes, surgical drain tubes, when swelling or movement is anticipated, when repeat taping is needed.

- Minimal skin stripping and adhesive residue upon removal from skin
- Conformable
- Not made with natural rubber latex
